

# Protex Gloves

*Protection from UV light and relief from chronic skin conditions*

Protexgloves offer relief to people who suffer from sun sensitivity and chronic skin and hand conditions. They are durable, lightweight, water resistant, grip-friendly gloves with 50+ UVA and UVB sun protection woven into the cutting edge fabric. Protexgloves prevent simple, everyday tasks from becoming painful ordeals. You get the protection you need and the comfort you desire. Now you can safeguard your hands in style without sacrificing dexterity.

Made with a unique blend of Supplex® nylon and Lycra® elastane, Protexgloves are form fitting and lightweight enough to do most small-motor tasks, but durable enough to endure rugged and prolonged use. They are also available with small pliable silicone ovals integrated seamlessly into the palm side to provide users with a secure grip. All Protexgloves can be machine washed and dried for easy care.
